To log on to Clever using the username and password, you will use the student's typical username and their lunch number with S! before it. If your student doesn't know these, instructions to find them on Family Access are below.

How to Find Student Info on Family Access

To locate your child's Student ID (lunch code) number and School Email, please use the following instructions:

1. Login to Skyward Family Access
   - If you do not know your Login ID or Password, please reach out to your school.
2. A pop-up window will appear
3. On the left-hand navigation pane of the pop-up window, click on the **Student Info** tab
4. The username is after "School:" In this example it is smithjoh000@k12.scsd.ac
5. Look for the field called **Other ID** (see the screenshot below). This is your child's **Student ID (Lunch Code)**.
6. For the screenshot example, the username would be smithjoh000@k12.scsd.ac and the password would be S!1234567
